Group Home/Auto Insurance – Save Money!

ECU members can take advantage of discounted rates and obtain a no obligation quotation on their car or home through AXA Canada. The group insurance program offers quality coverage, fast and convenient service plus preferred rates only available to members.

Furthermore, this member benefit is available to members' families who reside in the same household. We encourage members to shop around when their insurance is up for renewal. A special offer is now available for quotes through AXA. A draw will be held for anyone who obtains a quote from June – December 2009 for a Weekend Getaway for Two at the Embassy Suites, Niagara Falls. The package is valued at \$500.

Mobile Banking Now Available

Please let the staff at your school/office know that mobile banking is here!

Mobile banking works on all text-enabled phones. It doesn't matter what kind of cell phone you have, as long as you can send and receive text messages. Check your balances and recent account activity from anywhere you can get a signal - instantly. You'll get the account information you want, when you need it, without having to find a computer.

Registration for mobile banking is conducted through MemberDirect online banking. If you haven't signed up for online banking, contact your branch and a Member Services Rep will assist you.

Check out our online demo at www.ecusolutions.com to see how easy and convenient mobile banking can be.

Important e-statement notice!

Five years ago we began working with a company to archive member statements electronically. The process took some time to perfect, but it is now fast, efficient and provides 24 hour access. With over 10,000 members, you can imagine the internal paper that has been saved in 5 years – no more filing – and imagine the storage space and manpower that we've saved.

When e-statements were introduced to the membership in 2005, many opted to receive their statements the e-way and today over 3,000 statements, are accessed online – saving paper, postal costs and administration.

There are still many who receive hard copies of their statements; however we suspect that in many cases members just haven't had the time to switch to the e-way or simply haven't given the matter much thought.

As an incentive to change, all members who opt for e-statements will be entered in a draw for a personal computer, compliments of Kober Computers in Kitchener! Our June 2009 newsletter will contain information about the benefits of e-statements and information about the campaign. A poster is enclosed for display.
